Printype OLIVER Typewriter

The Only Writing Machine in the World
That Successfully TYPEWRITES PRINT

--17 Cents a Day!

The Printype Oliver Typewriter which has crowded ten years of typewriter progress into the space of months, is now offered to the public for 17 cents a day!

Offered at the same price as an ordinary typewriter—payable in pennies!

The commanding importance of Printype is everywhere conceded.

For who does not see what it means to make the world's vast volume of typewritten matter as readable as books and magazines!

The Printype Oliver Typewriter is equipped with beautiful Book Type, such as is used on the world's printing presses.

Printype illuminates the type-written page with a marvelous clearness and beauty.

It does away with all strain on the eye which the old-style outline type imposes.

Printype puts life and style and character into typewritten correspondence. It makes every letter, every memorial, every character employed in business, financial, commercial and professional fields "as plain as print."

The complete story of Printype has never before been told. Here it is:

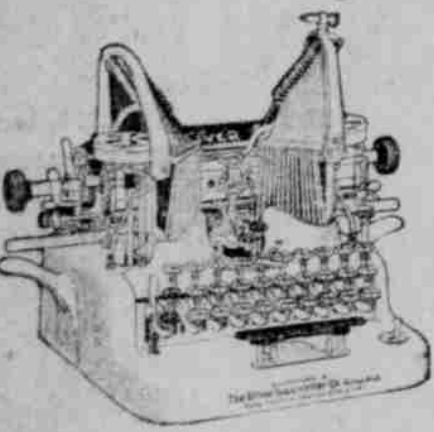

The Real Story of Printype

The idea from which "Printype" sprang resulted from the success of our type experts in equipping a typewriter used in our offices to write "The Oliver Typewriter" in our famous trademark type, just as the name appears on the outside of the machine and in all Oliver publicity.

The beautiful appearance and the marvelous clearness of the reproduction of our "ebony" trademark type disclosed the possibilities of equipping The Oliver Typewriter to write the entire English language in shaded letters!

We worked for years on the plan and finally succeeded in producing, for exclusive use on The Oliver Typewriter, the wonderful shaded letters and numerals known to the world as "Printype."

After Printype was perfected and placed on The Oliver Model 5, came hundreds of interesting tests which conclusively proved the surpassing merit of Printype.

The Public's Verdict

The reception of Printype by the business public has been most enthusiastic. We withheld any formal announcement until the machine had been on the market for some time.

Personal demonstrations were its only advertising. The resulting sales were stupendous. Here, there and everywhere, Printype letters soon began to appear. Wherever received, these distinctive, beautiful letters awakened immediate interest. Thus the fame of Printype grows as its beauty and utility dawn on the business world.

That the public is overwhelming in its favor of Printype is impressively shown by this fact:

Already over 75 per cent of our entire output of Oliver Typewriters are "Printypes."

Printype
OLIVER
Typewriter

The Standard Visible Writer.

The public is demanding Printype. Within a year, at the present rate, 90 per cent of our total sales will be "Printypes."

Thus The Oliver Typewriter, which first successfully introduced visible writing, is again to the fore with another revolutionary improvement—Printype, the type that prints print!

To Corporations:

The Oliver Typewriter is used extensively by great concerns in all sections of the world.

Our "17-Cents-a-Day" Plan is designed to help that large class of typewriter buyers who want the same typewriter that serves the great corporations, but prefer the easy system of purchase.

The masses want The Oliver Typewriter because it stands the test of the world's largest corporations.

PERSUADED MOB TO LET LAW RULE

Father of Girl He Assaulted
Saved a Negro From
Burning

Special to the Daily Leader.

Springhill, Kas., Nov. 25.—While Clarence Davis, an 18-year-old negro, sat shackled to a chair in a pool hall here, 200 members of a posse who had captured him for an attempted assault on Ruth Pike, a 14-year-old school girl, argued the question of taking the law into their own hands.

Twenty speeches were made at the conclusion, a tall farmer puffed the negro towards the door and assuming the leadership of the mob, cried:

"Come on, boys: we'll burn the scoundrel at the stake."

Willing hands helped to drag the negro to the street.

Fike Pleaded for Law

At this juncture, J. A. Fike, father of the near victim, arrived. Pushing aside the mob, he reached the negro's side, and addressing himself to the crowd, declared the mob must disperse and let the law take its course.

This undoubtedly is the man who attempted a vicious crime upon my daughter," said he, "but Judge Lynch does not live in civilized Kansas any more. To burn this fellow to death will only scandalize the country. Let the law, I beg of you, take its course."

After a conference, the mob leaders turned the negro over to the county authorities, after being assured of a speedy trial for him.

Saved Many From Death.

W. L. Mock, of Mock, Ark., believes he has saved many lives in his 25 years of experience in the drug business. "What I always like to do," he writes, "is to recommend Dr. King's New Discovery for weak, sore lungs, hard colic, hoarseness, obstinate coughs, la grippe, croup, asthma or other bronchial affection, for I feel sure that a number of my neighbors are alive and well today because they took my advice to use it. I honestly believe it's the best throat and lung medicine that's made." Easy to prove he's right. Get a trial bottle free, or regular 50c trial bottle. Guaranteed by all druggists.

NOTICE TO FEEDERS

Kaffir corn chop is a stronger and better stock food than corn chop as shown by the following analysis, taken from Bulletin No. 127, issued by the Agricultural College of Texas:

	Pro.	N.F.	EX.
Kaffir corn chop	12.05	2.92	2.58
corn	11.41	4.07	2.72
corn chop	11.41	4.07	2.72

Note: Kaffir corn may be used in place of corn in any stock ration.

PROF. J. C. BURNES

Our Pure Kaffir chop can be bought at all stores at 15 cents per cwt. under the price of corn chop. Model M.H. Co.

"Had dyspepsia or indigestion for years. No appetite, and what I did eat distressed me terribly. Burdock Blood Bitters cured me."—J. H. Walker, Sanbury, Ohio.

DOUBLE GUARD OVER MAUST

Through a request from the United States attorney's office, a double guard, night and day, has been placed in the federal jail here over Charles Maust, the recent Missouri state convict. Maust has been identified by several witnesses as Ben Cravens, the Oklahoma outlaw, under indictment for the murder of Assistant Postmaster Alvin Bateman at Red Rock in 1901 and the government wishes to take no chances of his escape.

RANKS WITH THE BEST IN SOUTHWEST

State Commission Speak In
Warm Praise of Hospital for
Insane at Fort Supply

That the Oklahoma Hospital for Insane, located at Fort Supply, Woodward county, ranks high with similar institutions in the southwest and that it is doing a notable work for the unfortunate insane of Oklahoma and should be recognized on account of its healthy location, environments and management as a place for the confinement of the insane persons known as "curables," instead of being recognized as a hospital or incurables, is the statement of Dr. J. C. Mahr, state commissioner of health, who, with a party of experts, has just completed a rigid examination of all state institutions.

"I was greatly surprised to find conditions at Fort Supply that placed it among the best in the entire west," said Dr. Mahr.

When the state took over this property more than three years ago it was a neglected old army post, which for many years, had been the temporary abode of convicts, cowboys and others who by chance sought shelter in the abandoned structure.

"When this post was secured for hospital purposes a wise selection was made in choosing Dr. E. G. Newell as superintendent. Dr. Newell was not attracted by this position by the meager salary offered, but by the opportunity to carry out many ideas formed when he, as a young man, began to study mental and nervous diseases, and later became identified with a Missouri hospital for insane. His coming to Fort Supply was soon marked by a general renovation of the old buildings and the establishment of a system of management that is indeed remarkable.

"We found there striking evidence of reform, not only in the treatment of patients but in their control. The buildings are the acme of cleanliness, and are ample for the accommodation of twice the number of inmates. The location of this hospital out upon a freedom land is not to be gained in many institutions located in or near filling cities or towns. Dr. Newell was fortunate in securing the services of a supervisor who had labored with him in the Missouri hospital for the insane at Nevada, many years ago. This assistant, who has had twenty-five years' experience in this work, has proven himself a most valuable aid in the management of the institution.

"We were greatly surprised to note the absence of locks upon the different rooms in the institution. The greatest freedom is enjoyed by the patients, and as a result the effect of such care is to be noted in the condition of their health. Being located as it is in a remote section the patient seldom abuse the unusual liberties afforded them, and the percentage of escapes is remarkably small.

"I venture the assertion that when the real value of Fort Supply as a hospital for the insane is appreciated no longer will the apparent prejudice against this institution prevail. This prejudice is based wholly upon the location and the belief that the accommodations are not ample. I am thoroughly convinced that this institution should not be recognized as a dumping ground for incurables, but that it deserves to be made a great hospital to which these susceptible to treatment should be sent. No public institution in the state that has been visited by our party is conducted along more sanitary lines.

"I am satisfied that the institution should accommodate at least 200 more patients at this time. There is a sufficient room for an increased number without crowding any of the wards now occupied. I think that the state should remove a large number of its inmates now being treated at the private asylum at Norman and give to them the advantages to be had at Fort Supply."

The staff of specialists that accompanied Dr. Mahr were Doctors C. R. Day, Oklahoma City skin and genito-urinary; A. C. Young, Oklahoma City, nervous and mental diseases; G. Ellison, Norman, state bacteriologist; Dr. Looney, Oklahoma City, physical diagnosis; Dr. Wright, Tulsa, physical diagnosis; Dr. E. P. Davis, Oklahoma City, eye, ear, nose and throat; Peter Elmer, Oklahoma City, Pertillon Measurements.

Dr. Mahr and his staff of specialists have just completed an inspection of the following institutions: State orphan home at Pryor Creek; state blind school at Wagner; state deaf and dumb school at Sulphur; state training school at Paul Valley; hospital for insane at Norman; state reformatory at Granite; state school for feeble minded at Enid, and the state hospital for the insane at Fort Supply.

The report of this commission, which will be voluminous and which will cover each and every patient or charge in the various institutions, will soon be filed with the governor, together with a general report upon the health of inmates and sanitary conditions found at the various institutions. This being the first inspection of its kind ever attempted in the southwest, it has attracted widespread attention and likely will establish a precedent that will be followed in Oklahoma annually.

Don't let the baby suffer from eczema, sores or any itching of the skin. Doan's Ointment gives instant relief, cures quickly. Perfectly safe for children. All druggists sell it.

SUPPOSE IT WAS YOUR CHILD

The Guthrie Street railway company has been very fortunate in having few serious accidents. Our men are careful and use every means to prevent them. We ask your support to prevent accidents.

The campaign that this company is making for the prevention of accidents can be assisted in no greater measure than by the warnings that parents and teachers give to the children against children playing on street car tracks.

The accident illustrated here would not happen if you warn the children—if you could prevent them from counting DANGER by jumping on our cars. They do it for fun—OR DEATH.

The conductor is the man who knows. You will not find his children playing on tracks.

DON'T CROSS TRACKS WITHOUT LOOKING BOTH WAYS—DON'T JUMP ON OR OFF A MOVING CAR—DON'T MAKE THE HEAD OF CAR WHEN ALIGHTING—DON'T PUT ARMS OR HEAD OUT OF CAR WINDOW—DON'T CARRY ANYTHING IN THE LEFT HAND OR ARM WHEN ALIGHTING.
